

**KANSAS STATEWIDE
HOMELESS COALITION**

Marion Nichols Caring Service Award

The Marion Nichols Caring Service Award is given to honor the memory of Marion Nichols. Individuals from across the state and representing all levels of service provision are eligible for nomination. The nominee should demonstrate a high level of commitment to service, above and beyond their normal work duties. They should improve the lives of those they help by promoting self-sufficiency in a non-judgmental and compassionate manner. Their focus should be on where people are at in their lives and on where they are going, instead of judging them by where they have been. The nominees shows, in everything they do, that helping people is more about who they are and not just part of their job.

Nomination Form

Please use this form to nominate someone who embodies the above through direct service or administrative work with homeless individuals.

The submission deadline for nomination forms is 4:00 pm **Thursday, July 13, 2017**. The Award Committee will then review submissions. The award will be presented to the recipient during the Kansas Housing Conference: Bringing Kansas Home on August 23-25, 2017 in Wichita, Kansas.
