

**Permanent Supportive Housing
Instructions**

Performance Measures

1) Exits to Permanent Housing

Calculation:

1. Find number of stayers in APR Q5a
2. Add subtotal of leavers only to permanent housing destinations (APR Q23a & Q23b) to Stayers (APR Q5a) and divide by the Total number of participants (Q5a-“Total Persons Served”) to get the percent of person exit to permanent housing.

$$\frac{\text{APR (Q23a+Q23b)} + \text{Stayers (Q5a)}}{\text{Total \# persons Served}} = \frac{\text{Total \# persons Served}}{\text{Total \# persons Served}} = \text{\% to exits to permanent housing}$$

25 Points	90% or higher
20 Points	80% to 89%
15 Points	70% to 79%
10 Points	60% to 69%

2) Returns to Homelessness

Within 12 months of exit to permanent Housing

(MAACLink will provide the report for each applicant to KSHC Staff)

10 Points	≤ 15%
5 Points	16% to 20%
0 Points	>21%

New or Increased Income and Earned Income

(Points awarded are all or nothing)

- 3) Earned income for project stayers - 8% increase or more**

APR Q19a1 – 1st row, last column

- 4) Non-employment income for project stayers – 10% increase or more**

APR Q19a1 – 3rd row, last column

- 5) Earned income for project leavers – 8% increase or more**

APR Q19a2 – 1st row, last column

- 6) Non-employment income for project leavers – 10% increase or more**

APR Q19a2 – 3rd row, last column

Serve High Need Populations

**7) >50% of participants with Zero income at entry (Adults with no income/Total Adults =%)
(APR Q16)**

10 Points	50% or higher
8 Points	40% to 49%
6 Points	30% to 39%
4 Points	20% to 29%

**8) >50% of participants with more than one disability type
(APR Q13a2) (1 Condition + 2 Condition + 3 Condition)/Total**

10 Points	50% or higher
8 Points	40% to 49%
6 Points	30% to 39%
4 Points	20% to 29%

**9) >50% of participants entering project from place not meant for human habitation
(APR Q15) (# not meant for/Total = %)**

10 Points	50% or higher
8 Points	40% to 49%
6 Points	30% to 39%
4 Points	20% to 29%

10) Project Effectiveness

Project has reasonable costs - **Application Q6E Total Budget (Line 8)**

Divide total project costs by number of permanent housing exits and stayers (APR Q23a & Q23b.
Use sub-total under permanent destinations)

$$\frac{\text{Q6E Total Budget}}{\text{(Q23a + Q23b) Exits to Permanent Housing}} = \text{Cost per successful outcome}$$

11) Coordinated Entry Participation

MAACLink to provide number of clients entered in HMIS with a VI-SPDAT (last operating year). Of the people who were enrolled during that operating year, what percentage of them had a VI-SPDAT done?

All renewal applicants get the full 10 points. (checked by NOFA Committee)

12) Housing First

Housing First and/or Low Barrier Implementation - Application 3B 3d

Yes=10 pts. No=0 pts.

Other and Local Criteria

13) Applicant Narrative

If the narrative seems reasonable to reviewers then the applicant receives full points.

5 points

14) Data Quality

Q. 06a on the APR

11% is over acceptable error rate – the lower the percentage – the higher the points awarded.

15) Bed Utilization (APR Q2)

Add the unit utilization rate for January, April, July and October and divide by four. If the project has only one unit, average the utilization rates for beds in the same manner.

Please score based on the percentage above **the 90% threshold as a minimum**. Higher percentage/higher points.
